Comments :

Jubilant Song

- Good unified unison singing, but don't let tone become too dark or placed too far back,
- M 13-20 good dynamic contrasts
- m 32-36 awesome ← and 60-63
- great tuning between parts, esp. final chord.
- Loved this performance!

Raindrops

- what makes this great, besides your tone + balance, is your articulation
 - m 25 ← awesome!
- so good + together. ↗

Violet

- Great three part singing!
- Love the contrast between Major + Minor sections and esp m 47
